
org.skao.ska-ci-metrics-utilities

Release 1.0.0

Ugur Yilmaz

Jul 31, 2023

HOME

The purpose of this repository is to collect in a versioned and centralized environment the tooling needed to parse, analyse and expose the CI Metrics collected by the SKA repositories.

These utilities are not meant to be used as a stand alone or installed but to be refereed only by the CI Pipeline.
