- 2.3 Running scripts . . . 5

3 Version **7**

The *ska-gui-local-storage* repository contains the code for the SKA GUI Local Storage component.

CHAPTER

ONE

OVERVIEW

The *ska-gui-local-storage* repository contains the code for the SKA GUI Local Storage component that is used to store data used by front end applications in a Redux store.

1.1 Usage

...

CHAPTER

TWO

DEVELOPER GUIDE

This document complements the guidelines set out in the SKA telescope developer portal

2.1 Tooling Pre-requisites

This project requires **Node** and **YARN** to install and run. To install please follow the instructions for your operating system at nodejs downloads.

Alternatively, the official Node docker image can be used. Instructions can be found on the official Node docker image site.

2.2 Development setup

...

2.3 Running scripts

You should now be able to run the scripts defined in the package.json within the project directory.

...
